

Vermont Natural Coatings PolyWhey

Pictured after Testing

Undercoat Used: Vermont Natural Coatings Hydrolacquer

Finish Category: Water Based Polyurethane

VOC Content: Low VOC

Environmental Claim: USDA Bio-based, uses milk proteins to replace petroleum based resins.

Appearance Rating within Category:

	★	★	★	★	★
Durability (overall)	★	★	★	★	★
Durability (10 minute test)	★	★	★	★	★
Durability (30 minute test)	★	★	★	★	★
Durability (1 hr test)	★	★	★	★	★
Durability (3 hr test)	★	★	★	★	★
Durability (5 hr test)	★	★	★	★	★
Durability (8 hr test)	★	★	★	★	★

Notes:

PolyWhey performed excellently in all three durability tests (water, red wine, and ketchup). There were no visible signs of any deterioration of the sheen, and no staining of the underlying wood from any of the fluids tested.
